

NAISH

Kite Diamond Waist Harness

SIZES: S, M, L

PERFORMANCE CHARACTERISTICS

This newly designed, double layer, molded waist harness combines ergonomic support, high end features and an attractive price. Its simplicity and wearing comfort is unmatched.

- Molded double layer 3D shape
- Internal structure composite support
- Ergonomically designed inside to adjust to body shape

WHAT'S NEW IN DESIGN

- Integrated bar pad design to keep the spreader bar in position and protect your ribs
- Primary and secondary abdominal belt for perfect fit and support
- Ergonomically designed Lycra interior to guarantee perfect snug body fit
- Due to the additional support, the general outline of the Diamond Harness is slightly smaller than to the Waist Pro

SPECIAL FEATURES

- Neoprene edge for optimized comfort
- Heavy duty rings for leash connection
 - Pro Limit quick release spreader bar technology
 - Heavy duty back handle
 - Reinforced spreader bar webbing
